GRAINS

BARLEY WHOLE

Screened and aspirated whole barley. 20 kg bags and minimum 500 kg bulkas

BARLEY ROLLED

Screened, aspirated and rolled barley. 20 kg bags and minimum 500 kg bulkas

LUPINS WHOLE

Screened and aspirated whole lupins. 20 kg bags and minimum 500 kg bulkas

LUPINS ROLLED

Screened, aspirated and rolled lupins. 20 kg bags and minimum 500 kg bulkas

MAIZE [CORN] WHOLE

Screened and aspirated whole maize [corn]. 20 kg bags and minimum 500 kg bulkas

MAIZE [CORN] ROLLED

Screened, aspirated and rolled maize [corn]. 20 kg bags and minimum 500 kg bulkas

OATS WHOLE

Screened and aspirated whole oats. 20 kg bags and minimum 500 kg bulkas

OATS ROLLED

Screened, aspirated and rolled oats. 20 kg bags and minimum 500 kg bulkas

PEAS WHOLE

Screened and aspirated whole peas. 20 kg bags and minimum 500 kg bulkas

PEAS ROLLED

Screened, aspirated and rolled peas. 20 kg bags and minimum 500 kg bulkas

WHEAT

Screened and aspirated whole wheat. 20 kg bags and minimum 500 kg bulkas

FEEDS

ALPACA MIX

Nutritionally balanced quality palatable muesli style supplement suitable for all alpacas. 12% Protein. 20 kg bags and minimum 500 kg bulkas

BEEF GROWER GRAIN

A grain-based mix designed to be fed through feeders for fattening grain fed beef cattle. 15% Protein. 20 kg bags and minimum 500 kg bulkas

BULL FINISHER

Nutritious and palatable muesli style stock feed supplement for stud beef cattle. 15% min Protein. 20 kg bags and minimum 500 kg bulkas

CALF MIX

Nutritious and palatable high protein muesli style calf grower mix with added roughage for rumen development and added Bovatec™. 19% min Protein. 20 kg bags and minimum 500 kg bulkas

CALFSTART

Nutritious and palatable high protein calf starter ration with added Bovatec™. 19.5% Protein. 20 kg bags and minimum 500 kg bulkas

CATTLE MIX

Nutritionally balanced cereal grain-based feed supplement for beef cattle. Protein min 14%. 20 kg bags and minimum 500 kg bulkas

COOLTRAIN

An Oat and Corn free complete performance horse feed with 16% Protein. 20 kg bags and minimum 500 kg bulkas

FIVE WAY FLEXIFEED

A versatile, Cereal grain based supplementary feed for cattle, sheep, horses and goats. 20 kg bags and minimum 500 kg bulkas

GOAT MIX

Nutritionally balanced all-purpose grain-based supplement suitable for all goats. 15% min Protein. 20 kg bags and minimum 500 kg bulkas

HEIFER GROWER

A well balanced, all-purpose grain-based supplement suitable for dairy heifers over 6 months. 15% min Protein. 20 kg bags and minimum 500 kg bulkas

HORSE CONDITIONER

A Complete maintenance, muesli style feed mix for horses and ponies. 11% Protein. 20 kg bags and minimum 500 kg bulkas

HORSE EQUIBASE

A High Specification, Concentrated Base Feed Supplement for all Horses, 20.0% Protein. 20 kg bags and minimum 500 kg bulkas

LAMB FINISHER

A nutritionally balanced, quality grain-based supplement for finishing off lambs. 20 kg bags and minimum 500 kg bulkas

LED STEER STARTER

A nutritionally balanced feed supplement for beef cattle with added Rumensin® 14.5% Protein. 20 kg bags and minimum 500 kg bulkas

LED STEER FINISHER

A nutritious and well balanced feed supplement for beef cattle with added Rumensin® 14.5% Protein.

20 kg bags and minimum 500 kg bulkas

PIG MIX peas original

Balanced blend of cereal and legume grains, vegetable protein meals, vitamins and minerals ideal for growing and adult pigs. 20 kg bags and minimum 500 kg bulkas

SHEEP MIX

Nutritionally balanced quality high fibre/ grain-based supplement for young sheep. 18% Protein.

20 kg bags and minimum 500 kg bulkas

EWE PRE-LAMBING MIX

A grain-based mix with added Compass Magforce a premium pre lambing ewe supplement, designed for the lambing and lactating ewe.

20 kg bags and minimum 500 kg bulkas

STUD BEEF MEAL

A quality balanced, high fibre stock feed supplement for all stud beef cattle. 13% min Protein.

20 kg bags and minimum 500 kg bulkas

STUD HORSE MIX

High specification feed for mares and growing horses. 15% Protein.

20 kg bags and minimum 500 kg bulkas

SUPERCHARGE BEEF FINISHER

A quality blend of Natural Vegetable proteins and energy sources high in by-pass protein and essential oils with added minerals, amino acids and buffers. 20 kg bags and minimum 500 kg bulkas

TRACK

Oat Free performance concentrate for performance horses. High specification for use with grain, pasture and hay. 15% Protein. 20 kg bags and minimum 500 kg bulkas

PIG & POULTRY

POULTRY BLEND

ALL-NATURAL balanced blend of cereal and legume grains, vegetable protein meals, vitamins and minerals ideal for laying poultry. 15% Protein. 20 kg bags and minimum 500 kg bulkas

POULTRY COMMERCIAL MIX

Free Range Layer Diet. Blend of cereal and legume grains, protein meals, vitamins and minerals with added yolk enhancer. 17% Protein. 20 kg bags and minimum 500 kg bulkas

POULTRY LA ISA MIX

Free Range Layer Diet. Blend of cereal and legume grains, protein meals, vitamins and minerals with added garlic. 17% Protein. 20 kg bags and minimum 500 kg bulkas

POULTRY SCRATCH MIX

ALL-NATURAL blend of cereal and legume grains, vitamins and minerals ideal for free range poultry, and ideal for FREE RANGE BACKYARD layers with access to other protein sources. 20 kg bags and minimum 500 kg bulkas

PULLET STARTER

ALL-NATURAL blend of crushed cereal and legume grains, protein meals, amino acids, vitamins and minerals. Chicks 0-6 weeks. 20% Protein. 20 kg bags and minimum 500 kg bulkas

PULLET GROWER

ALL-NATURAL blend of crushed cereal and legume grains, protein meals, amino acids, vitamins and minerals. Pullets 6 weeks to Point of Lay. 16% Protein. 20 kg bags and minimum 500 kg bulkas

MEATBIRD CHICK

ALL-NATURAL blend of crushed cereal and legume grains, protein meals, amino acids, vitamins and minerals. Meat bird Chicks 0 to 3 weeks. 22% Protein. 20 kg bags and minimum 500 kg bulkas

MEATBIRD FINISHER

ALL-NATURAL blend of crushed cereal and legume grains, protein meals, amino acids, vitamins and minerals. Perfect for Meat birds from 3 weeks. 19% Protein. Ideal for all meat poultry birds including ducks and turkeys.

20 kg bags and minimum 500 kg bulkas

POULTRY LAYER CONC

ALL-NATURAL blend of vegetable protein meals, amino acids, minerals and vitamins, in concentrated form. Use at the rate of 20% Addition to cereal grains. 20 kg bags and minimum 500 kg bulkas

PIG BREEDER LA

A cereal grain-based ration, suitable as a complete feed for lactating sows, pregnant sows and boars. 15% Protein.

20 kg bags and minimum 500 kg bulkas

PIG FINISHER 22+ WEEKS LA

A cereal grain-based ration, suitable as a complete feed for finishing pigs from 22 weeks. Also suitable for lifestyle owners as a maintenance ration. 16% Protein. 20 kg bags and minimum 500 kg bulkas

PIG GROWER 10-22 WEEKS LA

A cereal grain-based ration, suitable as a complete feed for growing pigs from 10 to 22 weeks. 17.5% Protein. 20 kg bags and minimum 500 kg bulkas

PIG WEANER 6-10 WEEKS LA

A cereal grain-based ration, suitable as a complete feed for weaning piglets from 6 to 10 weeks. 21% Protein.

20 kg bags and minimum 500 kg bulkas

PIG MIX PEAS ORIGINAL

Balanced blend of cereal and legume grains, vegetable protein meals, vitamins and minerals ideal for growing and adult pigs. 20 kg bags and minimum 500 kg bulkas

STOCK SUPPLEMENTS

SHEEP AND LAMB FREE CHOICE LOOSE MINERAL SUPPLEMENT ALL WEATHER LICKS

B4 LAMB

B4 Lamb is a blend of anionic or acid-based compounds

specifically designed for breeding ewes in the last trimester of pregnancy. This product can also be mixed with grain. 25 kg bags, or 1 x tonne bulkas

DRY FEED ASSIST SHEEP

A free choice lick designed to assist the utilization of dry standing dry feed and stubbles, and to maintain and support feed conversion efficiency. Contains Macro & Micro Trace Elements with added Urea. 25 kg bags, or 1 x tonne bulkas

FOOT FOOD FOR RUMINANTS

A balanced supplement of essential minerals, trace elements and vitamins. Specifically designed with hoof integrity and health in mind as well as supplying the daily requirements of specific nutrients for growth, reproduction and general maintenance. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN SHEEP LICK

This highly respected Macro and Trace element mineral supplement has been updated to include higher addition rates of most minerals and vitamins, this product also contains Sodium Bentonite. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN SHEEP LICK WITH UREA

GRAZE-MIN SHEEP LICK with added UREA, suited to dry conditions. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE KI LICK

A free choice high specification Macro and Micro Trace Elements and Vitamins lick designed specifically for K.I. sheep.

25 kg bags, or 1 x tonne bulkas

GRAZEFORCE MERINO

A free choice high specification Macro and Micro Trace Elements and Vitamins lick designed specifically for Merino sheep. This product can also be mixed with grain. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE SHEEP

Macro and Micro trace mineral grazing supplement with added Thiamine (B1) and carbohydrates. Also contains elevated levels of Zinc, Manganese, and Magnesium. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE WEANER

This Macro, Trace Mineral and Vitamin supplement is fortified with soluble carbohydrates and bypass protein and is specifically designed to assist calves and lambs cope with the stresses involved at weaning time. 25 kg bags, or 1 x tonne bulkas

GREEN FEED ASSIST SHEEP

A free choice, high specification Macro and Trace Element mix with added, Vitamins and soluble sugars for grazing sub optimal pastures. 25 kg bags, or 1 x tonne bulkas

HI N GRAZE

Macro and Trace mineral supplement with Vitamins, soluble sugars for sheep grazing green feed with elevated Nitrogen and Nitrate levels, which include Brassicas and irrigated legumes 25 kg bags, or 1 x tonne bulkas

HYBUF RUMINANT BUFFER

This product has been developed to aid sheep or cattle grazing highly productive Legume dominant pastures, Forage crops or sown Oat or other nitrate accumulating crops. Hybuf is a unique blend of Acidic buffers and alkalinizing products that work together to reduce the harmful effects of Lactic Acidosis or grain poisoning or 1 x tonne bulkas

MAGFORCE SHEEP AND LAMB

Magforce is ideally supplied at least 6 weeks prior to lambing and can be fed right through lactation to weaning. Valuable as a Magnesium source during lush Spring pasture growth. Used essentially as a supplementary lick, this product can also be mixed with grain or top dressed on hay. 25 kg bags, or 1 x tonne bulkas

Victor Harbor Rd. Mount Compass SA 5210

SHEEP MINERAL AWF

SHEEP MINERAL AWF is formulated so that it can be fed "Free Choice" to sheep grazing less than ideal pasture conditions, the product should be fed during lush rapid pasture growth or supplied as a supplement to hay or grain. 25 kg bags, or 1 x tonne bulkas

SHEEP & LAMB, GOAT, FEEDLOT CONCENTRATES, PREMIXES AND PROTEIN BOOSTERS

BASETRACE 1

Concentrated Vitamin and Trace Mineral pre-mix for Sheep & Cattle. 1 kg/tonne addition. 20 kg bags

BASETRACE 2 BOVATEC

Concentrated Vitamin and Trace Mineral pre-mix with Bovatec™ for Sheep & Cattle, 2kg/tonne addition. 20 kg bags

BASIC SHEEP MINERAL

Free Choice Lick containing Calcium, Salt, Sulphur Vitamins a D3 E, this product can also be mixed with grain. 25 kg bags, or 1 x tonne bulkas

BASIC SHEEP MINERAL + BUFFER

Basic mix containing Calcium, Salt, Sulphur Vitamins a D3 E with added buffers. 25 kg bags, or 1 x tonne bulkas

EDGE 40 FEEDLOT PELLET

A non-medicated pelletised mineral and trace element supplement with added buffers for all grazing ruminants. 40kg/tonne addition rate. 20 kg bags

FEEDLOT LAMB CONC

BOVATEC

A granular Macro and Micro trace mineral concentrate with Vitamins A, B1, D3 & E with added Bovatec, Amylase and Rumen Buffers. This complete concentrate allows ease of use in preparation of Lamb Feedlot diets. Dose Rate; 1 x 25 KG BAG to the tonne of mixed grain. BOVATEC aids in Feed Conversion Efficiency, Weight Gain and the Control of Coccidiosis. Amylase is a starch digestive enzyme. 25 kg bags, or 1 x tonne bulkas

FEEDLOT LAMB CONC BOV UREA

FEEDLOT LAMB CONC BOVATEC with added Urea. 25 kg bags, or 1 x tonne bulkas

FEEDLOT SHEEP CONC

A Macro and Trace mineral product with added Vitamins, A, D, and E specifically designed for ready inclusion to grain based diets for older sheep. 25 kg bags, or 1 x tonne bulkas

FEEDLOT SHEEP CONC BOVATEC

FEEDLOT SHEEP CONC with added Bovatec. BOVATEC aids in Feed Conversion Efficiency, Weight Gain and the Control of Coccidiosis. 25 kg bags, or 1 x tonne bulkas

FEEDLOT GRAIN BALANCER

Mineral and Vitamin supplement with added Rumen Buffers and Bovatec for Lot Feeding both sheep and cattle.

25 kg bags, or 1 x tonne bulkas

GRAZE FORCE LEAD A

Soluble Anionic Salt blend with

Trace Elements and added Vitamins A, D, E. Suitable for all Dairy, Beef Cattle and Sheep. Feed from 21 days prior to calving / lambing. 25 kg bags, or 1 x tonne bulkas

LAMB FEEDLOT MINERAL LICK

All Weather Formula Free choice feedlot lick with Macro and Trace Minerals, Vitamins, Rumen Buffers and Bovatec. An alternative to mixing with grain. 25 kg bags, or 1 x tonne bulkas

LAMBGROW PELLET

Lambgrow Pellet is a flexible, low inclusion product that is designed to be fed in a wide range of production strategies including pasture supplementary programs, as an addition to pre-mating grain rations, intensive lamb feedlots and as an essential additive for ewes with lambs at foot that are being fed high grain diets, or in confinement feeding systems. LAMBGROW comes with added Bovatec. BOVATEC aids in Feed Conversion Efficiency, Weight Gain and the Control of Coccidiosis. Dose rate: Mix 50 kg of Lambgrow Pellet with 1 tonne of finished for 2 weeks. Reduce to 1 x 25 kg bag per tonne of Finished feed for balance of feed time. 25 kg bags, or 1 x tonne bulkas

POWER RAM PREMIX

Power Ram Premix is designed to be mixed with grain diets for rams being grain supplemented in shed or paddock, or semi intensive environment. Power Ram Premix should be added directly to the grain ration at the rate of 1 x 25 kg bag per tonne of mixed grain. A full complement of Macro and Trace Elements, Vitamins A, D and E and B1 with high levels of Zinc and Vitamin A, with added Bovatec. BOVATEC aids in Feed Conversion Efficiency, Weight Gain and the Control of Coccidiosis. 25 kg bags, or 1 x tonne bulkas

PREMIUM GOAT LICK

Premium macro and trace mineral lick for goats with added protein meals, bypass fat, Vitamins A, D, E Thiamin B1, and soluble sugars. 2kg, 5kg, 25 kg, 1 x tonne bulkas.

CATTLE FREE CHOICE LOOSE MINERAL SUPPLEMENT ALL WEATHER LICKS

BASIC CATTLE MINERAL

Free Choice Lick containing Calcium, Phosphorus, Salt, Sulphur, Bentonite, Copper, Vitamins A D3 E, this product can also be mixed with grain. 25 KG, 1 X Tonne bulkas

CATTLE MINERAL AWF

High specification Macro and Trace mineral supplement for cattle in an all-weather formulation. Also contains Vitamins A, D3, E, Bentonite and Bypass Fat's. 25 kg bags, or 1 x tonne bulkas

DRY FEED ASSIST CATTLE

Macro and Trace mineral supplement with Vitamins, added Urea, Soluble Sugars for cattle grazing dry feed and stubbles. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN CATTLE LICK

A comprehensive level of all required nutrients and other elements with added soluble sugars, Bentonite and high levels of vitamins A, D and E. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN CATTLE LICK PLUS UREA

GRAZE-MIN CATTLE LICK with added UREA, suited to dry conditions. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN CATTLE HI PHOS LICK

GRAZE-MIN CATTLE LICK with high levels of phosphorus. 25 kg bags, or 1 x tonne bulkas

GRAZE-MIN CATTLE HI PHOS PLUS 10% UREA

GRAZE-MIN CATTLE HI PHOS with added UREA, suited to dry conditions. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE CATTLE

Macro and Trace Mineral Supplement with elevated Vitamin levels for cattle. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE HI MAG

Macro and Micro trace mineral grazing supplement with added Thiamine. With elevated levels of Zinc, Manganese, and Magnesium. 25 kg bags, or 1 x tonne bulkas

GRAZEFORCE WEANER

This Macro, Trace Mineral and Vitamin supplement is fortified with soluble sugars and bypass protein and is

specifically designed to assist calves and lambs cope with the stresses involved at weaning time. 25 kg bags, or 1 x tonne bulkas

HI N BUF

HI N GRAZE with added BUFFER, this product can be fed free choice or mixed with grain. 25 kg bags, or 1 x tonne bulkas

MAGFORCE CATTLE

High specification Macro and Trace mineral supplement for cattle in an all-weather formulation. For use where a high requirement for Magnesium, Zinc, Vitamin E is advised. 25 kg bags, or 1 x tonne bulkas

TETMAG CATTLE

Tetmag Cattle has elevated levels of Calcium, Magnesium, Sodium, Phosphorous etc to compliment the nutrient shortfall in grass dominant pastures. 25 kg bags, or 1 x tonne bulkas

BEEF CATTLE FEEDLOT CONCENTRATES, PREMIXES AND PROTEIN BOOSTERS

BASETRACE 1

Concentrated Vitamin and Trace Mineral pre-mix for Sheep & Cattle. 1 kg/tonne addition. 20 kg bags

BASETRACE 2 BOVATEC

Concentrated Vitamin and Trace Mineral pre-mix with Bovatec™ for Sheep & Cattle, 2kg/tonne addition. 20 kg bags

BASETRACE 5

Concentrated Vitamin and Trace Mineral pre-mix for cattle with Rumensin®, 5 kg/tonne addition. 20 kg bags

BEEF FEEDLOT 20 R

Contains Vetetable Proteins with a complete range of Macro and Micro elements and Vitamins with added Rumensin®. 20kg/tonne addition 20 kg bags

C25 CALF MINERALS

Vitamin and Mineral preparation with Rumensin® formulated to supply valuable key nutrients to beef and dairy calves, 25kg/tonne addition

EDGE 40 FEEDLOT PELLET

A non-medicated pelletised mineral and trace element supplement with added buffers for all grazing ruminants. 40kg/tonne addition rate. 20 kg bags

Victor Harbor Rd. Mount Compass SA 5210
PO Box 72 Mount Compass SA 5210

Manufacturing Stockfeeds & Supplements since 1982

MAXIBEEF FEEDLOT CATTLE CONCENTRATE

A complete blend of Buffers, Minerals, Trace elements and Vitamins, A,D,E and B1 designed for ready inclusion into high grain-based diets, 25kg/tonne addition. 25 kg bags, or 1 x tonne bulkas

MAXIBEEF FEEDLOT CATTLE CONC PLUS

BOVATEC

A complete blend of Buffers, Minerals, Trace elements and Vitamins, A,D,E and B1 with added Bovatec™ 25kg/ (2.5%)tonne addition to mixed grains. 25 kg bags, or 1 x tonne bulkas

MAXIBEEF FEEDLOT CATTLE CONC PLUS

RUMENSIN

A complete blend of Buffers, Minerals, Trace elements and Vitamins, A,D, E and B1 with added Rumensin® 25KG/ (2.5%) addition to mixed grains. 25 kg bags, or 1 x tonne bulkas

MAXIBEEF FEEDLOT

CATTLE CONC PLUS RUMENSIN and UREA

A complete blend of Minerals, Trace elements and Vitamins, A,D, E and B1 with added Buffers, Rumensin® and Urea. 25kg/tonne (2.5%) addition to blended grains. 25 kg bags, or 1 x tonne bulkas

FEEDLOT GRAIN BALANCER

Mineral and Vitamin supplement with added Rumen Buffers and Bovatec for Lot Feeding both sheep and cattle. Ideal where there is a limited source of grain as this product will also provide several protein sources 25 kg bags, or 1 x tonne bulkas

GRAZE FORCE LEAD A

Soluble Anionic Salt blend with Trace Elements and added Vitamins A, D, E. B1 Suitable for all Dairy, Beef Cattle and Sheep. Feed from 21 days prior to calving / lambing. 25 kg bags, or 1 x tonne bulkas

PRO FINISH PLUS BOVATEC

Pro Finish Plus contains Natural Bypass Proteins and Urea (a source of non-protein nitrogen) with a complete range of Macro and Micro elements and Vitamins with added Bovatec™ 40kg/tonne addition 20 kg bags

PRO FINISH PLUS RUMENSIN

Pro Finish Plus contains Natural Bypass Proteins and Urea (a source of non-protein nitrogen) with a complete range of Macro and Micro elements and Vitamins with added Rumensin®. 40kg/tonne addition. 20 kg bags

PRO MEAL STUD BEEF

A high protein supplement with added Vitamins and Minerals ideal for Stud Beef. 40kg/Tonne addition 20 kg bags

LIQUID & SOLUBLE PRODUCTS

BSAVE CATTLE

Soluble supplement is designed to be fed to Beef and or Dairy Cattle grazing less than ideal pastures, or where PEM is known, or dietary Vitamin B1 (Thiamin) is required. 10 kg tubs, and 20 kg bags

BSAVE SHEEP

B Save is a soluble Vitamin supplement that contains high levels of Vitamin B1, which has been shown to improve animal wellbeing during times of stress, PEM or Thiamin Deficiency. Adds to improve transition to grass dominant pastures. 10 kg tubs, and 20 kg bags

GRAZE FORCE LEAD A

A Soluble Anionic Macro blend with trace mineral supplements. Contains added Zinc and fortified with Vitamins A, D and E, specifically designed to be fed to Cattle or Sheep in late gestation

MAXIVIT A&E DRENCH

Maxivit for Sheep is supplemental form of Vitamin A, D3 & E used as a multi vitamin drench. Contains 500,000 iu of Vit A, 130,000 iu of Vit D3 and 2250 iu of Vit E in each 10ml Dose

SOLUBLE GRAZEFORCE

"A concentrated soluble blend of Macro and Trace minerals with added Selenium and soluble sugars for Sheep and Cattle.

TRANS FORCE

A soluble High Energy Vitamin and Mineral complex with added rumen buffers and Glycine, for sheep and cattle during Feed Transition, At Weaning, During and prior to Transport, Mustering or at preparation for Show and Sale

VITAMIN E LIQUID SHEEP

Compass Vitamin E drench is a simple 5 ml per animal dose which contains 2000 iu

FEED INGREDIENTS, ADDITIVES, RAW MATERIALS, COMMODITIES

ACID BUF®.

Natural rumen buffer derived from calcareous marine algae, for use in dairy/beef cattle and sheep diets. 25 kg bags

AMMONIUM CHLORIDE

Additive used to assist in the control of urinary calculi in sheep. 25 kg bags

AMMONIUM SULPHATE

Source of NPN non protein nitrogen and Sulphur in sheep and cattle feeds. 25 kg bags

APPLE CIDER VINEGAR

Increases the amount of acetic acid in the rumen, which enhances nutritional uptake and bolsters the immune system in sheep and cattle. 2ltr, 5 ltr, 20 ltr drums/jerries

AVAILA Zn120

Source of organic zinc for livestock feeding. 2 kg, 5 kg, 25 kg

BENTONITE GRANULAR

Arumpo Stockfeed Bentonite allows improved adaptation to high concentrate diets and assists in the prevention of acidosis in sheep and cattle. It also guards against the effect of aflatoxins in contaminated grain inadvertently fed to stock. 25 kg bags

BOVATEC 20

Lasalocid Sodium premix for improvement in liveweight gains, feed conversion efficiency, and coccidiosis control for sheep and cattle. 25 kg bag

BRAN

Wheat bran, by product of flour manufacture. Feed ingredient. 25 kg bag

BRAN AND POLLARD MIX

Mixture of bran and pollard. Feed ingredient. 25 kg bag

CALGRIT

Calcium Carbonate grit, suitable for inclusion to poultry diets. 2 kg, 5 kg, 25 kg bags

CALSEAPOWDER

A fossilized red alga, is composed of more than 30 minerals and marine trace elements. It has a unique microporous structure which increase its contact surface and thus ensures a better minerals bioavailability. It guaranties a greater effect on

ruminal pH. The honeycomb structure specific to CALSEAPOWDER is a favorable environment for ruminal microflora development allowing a better ration digestibility of the ration and a better productivity (milk and meat). 25 kg bags

CANOLA MEAL

Vegetable protein meal derived from Canola oil processing. Typically, 34% crude protein. 2 kg, 5 kg, 20 kg, and 1 x tonne bulkas

CANOLA OIL

Virgin Canola oil, energy source and dust suppressant in livestock feeds.

2 ltr, 5 ltr, 20 ltr drums / jerries. or totes by the kg.

COPPER SULPHATE

Bluestone, 25% Cu. 2kg, 5 kg, 25 kg bags

COPRA MEAL

Premium coconut meal, byproduct of oil manufacture. 2 kg, 5 kg 20 kg bags

DCP (DICALCIUM PHOSPHATE) GRANULAR

Feeds grade phosphorus [18%]and calcium source [21%] in granule form. 2 kg, 5 kg, 25 kg bags

DCP (DICALCIUM PHOSPHATE) POWDER

Feeds grade phosphorus [18%]and calcium source [21%] in powder form. 2 kg, 5 kg, 25 kg bags

DEXTROSE

Dextrose is a form of glucose (sugar). For use as a fluid and nutrient replenisher. Provides an immediate source of energy in conditions associated with carbohydrate insufficiency. 2 kg, 5 kg, 25 kg bags

DIAMOND V YEAST

Unique yeast metabolite product. Increases dry matter intake, promotes milk fat & protein. Grows more rumen bugs, improves feed conversion efficiency, assists with heat stress. 2 kg, 5 kg, 25 kg bags

DIATOMACEOUS EARTH [DE]

Granular diatomaceous earth
2 kg,5 kg,20 kg bags

DOLOMITE.

Source of Calcium [24%] and magnesium [10%] for livestock. 2 kg, 5 kg, 25 kg bags

FERROUS SULPHATE MONO

Iron Sulphate 30% Fe .2 kg, 5 kg, 25 kg bags

GARLIC GRANULES

Feed grade garlic

GYPSUM

Calcium Sulphate, source of Calcium and sulphur .20 kg bags or by the kg in tonne lots

MAGNESIUM OXIDE GRANULAR

Granular Magnesium oxide, providing 53% Mg.2 kg, 5 kg, 25 kg bags

MAGNESIUM OXIDE POWDER

Powdered Magnesium Oxide, providing 53% Mg. 2 kg, 5 kg, 25 kg bags

MAGNESIUM SULPHATE

Epsom Salts, soluble Magnesium source 10% Mg, 2 kg, 5 kg, 25 kg bags

MANGANESE SULPHATE MONO

Source of Manganese 31% Mn. 2 kg, 5 kg, 25 kg bags

MEGALAC®

Rumen protected [bypass] fat / energy source for sheep and cattle. 2 kg, 5 kg, 25 kg bags

METHIONINE

Essential amino acid in poultry diets. 2 kg, 5 kg, 25 kg bags

MOLASSES

Liquid feed sweetener, by product of sugar manufacturing. Contains energy in its sugar content. 2 ltr/ 5 ltr, 20 ltr, 200 ltr, Totes by the kg

MOLODRI

Feed grade powdered molasses in a diatomaceous earth carrier.
2kg , 5 kg , 20 kg bags

MONO AMMONIUM PHOSPHATE

Feed grade mono ammonium phosphate. 25 kg

ORGANIC TRACE MINERALS

Copper, Cobalt, Zinc, Manganese, Selenium in organic form.

PALM KERNEL MEAL

Source of protein and energy with a high fibre level. Byproduct of oil manufacture. 2 kg, 5 kg, 20 kg

POLLARD

Wheat pollard, byproduct of flour process. Ideal feed ingredient for most livestock. 25 kg bags

POTASSIUM CHLORIDE

Source of feed potassium, 60% K, 25 kg bags

RONOZYME A

Starch digesting enzyme. Containing a blend of amylase and beta-glucanase, RONOZYME® A improves starch digestibility, making more energy available to the animal. 2 kg, 5 kg, 25 kg

RUMENSIN 100

Monensin Sodium. Feed ingredient for beef and dairy cattle. Aids in the control of bloat and the prevention of coccidiosis .Aids in feed conversion efficiency
25 kg bags

SALT

Dried medium stock feed salt, medium grain between 2mm and 6 mm. 2 kg, 5 kg 25 kg bags and 1200 kg bulka bags

SHELLGRIT medium

Source of Calcium / grit for poultry diets. 2 kg, 5 kg, 25 kg bags

SODIUM BICARBONATE

Used in ruminant diets as a rumen buffer, typically added at 1 % of diet .2 kg, 5 kg, 25 kg

SOYBEAN MEAL FULL FAT

Vegetable protein meal derived from soya bean oil processing. Palatable, golden yellow meal ideal for inclusion to animal feeds. typical protein36% cp, 2 kg, 5 kg, 20 kg bags

SOYBEAN MEAL HIPRO

Vegetable protein meal, derived from soya bean oil processing, including extraction and appropriate heat treatment. Palatable pale-yellow meal suitable for addition to livestock feeds. Typical crude protein 44%
2 kg, 5 kg, 20 kg.

STOCK LIME 36% Ca

Source of Calcium for livestock feeds 36% Calcium, 2 kg, 5 kg 25 kg bags, 1 x tonne bulkas.
