# GRAZEFORCE

## weaner

**WEANING LICK FOR  
LAMBS & CALVES**

### SUMMARY:

Grazeforce Weaner is formulated to deliver key nutrients required by growing stock through the important 4-6 weeks post Weaning. At Weaning, separation, handling and feed change, cause stress that reduces weaners health, growth and feed efficiency performance for many weeks. Grazeforce Weaner contains high levels of those nutrients required by progeny to best manage Weaning stress.

### CONTAINS:

Macro Mineral		Trace Elements	Vitamins
Calcium	10%	Manganese	A,D & E
Phosphorus	1%	Zinc	
Magnesium	8%	Copper	
Sodium	6%	Cobalt	
Sulphur	1.1%	Iodine	
		Selenium	
			<b>Additional Ingredients</b>
			Vegetable protein meal
			Soluble sugars
			Molasses
			All weather formula

### DIRECTIONS FOR USE:

Grazeforce Weaner can be added to tubs or troughs and placed near water points stock camps or in weaning yards. Once Weaners have engaged with the lick, place containers further out in paddocks to better manage distribution of the lick across the mob. One container to 50 hd Lambs and 20 hd Calves.

Ensure quality water is freely available.
