

MAXIVIT

VITAMIN A, D & E ORAL FOR SHEEP & CATTLE

Trusted, Effective, Affordable

ORAL VITAMIN ADE
FOR SHEEP & CATTLE

SUMMARY:

Maxivit ADE is an oral, low dose supplement for Sheep and Cattle. Vitamins A & E play vital roles in anti-oxidant activity and the support of immune response and membrane health in all animals. Vitamin D has many roles, importantly in young animals it is linked to bone growth and in production females it controls blood Calcium and Phosphorus levels alongside other hormones.
