

ACTIVO PREMIUM

ACTIVO PREMIUM
PHYTOGENIC

SUMMARY:

Activo Premium is a powdered phytogenic product modulating rumen fermentation, thus improving the performance of small and large ruminants.

It contains standardized amounts of selected phytomolecules, having antimicrobial, digestive and antioxidant properties.

Activo Premium is microencapsulated for optimal thermal protection and a targeted release in the gastrointestinal tract of the animal.

CONTAINS:

- Micro encapsulated blend of essential oils.
- Phytogenic plant compounds.

DOSE RATE:

Growing & breeding heifers 1 to 3 grams /hd/day.

Dairy Cattle 1 to 3 grams/hd/day.

Beef Cattle 1 to 3 grams/hd/day.

Small Ruminants 100 to 200 mg/kg of DMI.

Kg per tonne of complete feed 150 grams.

Once the rumen is fully developed, feed in all phases of production.

Activo Premium Features / benefits

- Improved performance of both small & large ruminants.
- Antimicrobial, digestive & antioxidant properties.
- Increases DM intake.
