

APPLE CIDER VINEGAR

APPLE CIDER VINEGAR

SUMMARY:

Apple Cider Vinegar is a naturally fermented nutritional liquid byproduct of apple juice. ACV has claimed nutritional benefits including boosting the immune system and has antibiotic and antiseptic properties.

CONTAINS:

Apple cider is made of pressed fresh apples. Unfiltered and raw, it doesn't contain added sugar, undergoes minimal processing, and is usually unpasteurized. It tends to be slightly darker than apple juice, more opaque, and can sometimes have residue at the bottom.

DOSE RATE:

HORSES	50 ML/DAY
CATTLE	50 ML/DAY
ALPACA	5 ML /DAY
SHEEP	5 ML/DAY

Dilute 50/50 in water prior to feeding.

APPLE CIDER VINEGAR
