CELMANAX
™

SUMMARY:

CELMANAX™ is an all-natural yeast culture product that helps animals digest feed more efficiently, increase milk production and maintain performance during heat stress. Suitable for Dairy and Beef cattle, Sheep, Poultry, Goats, and Pigs.

CONTAINS:

CELMANAX™ contains a full dose of yeast culture, peptides, amino acids, and vitamins plus the power of highly bioavailable Refined Functional Carbohydrates™ (RFCs™) that improve gut health, increase average daily gain, and maximize feed efficiency, contributing to increased profitability. RFCs are specifically manufactured using enzymatic hydrolysis, liberating the various carbohydrate fractions from the yeast cell wall creating small bioavailable units of Mannan Oligosaccharides (MOS), Mannose, Beta Glucans, and other RFC's.
