

MOLVIN BRIGHT 5%

Molvin Bright 5%

SUMMARY:

Molvin Bright is a combination of both molasses (95%) and Canola Oil (5%). This is done to help the flow rate of the molasses while gaining benefits from Canola Oil.

Molasses is a byproduct of the manufacture of sugar cane. Molasses is a thick black brownish liquid high in energy and very palatable to most livestock. Molasses is an excellent complementary feed that improves palatability and digestibility of all feeds.

Canola Oil is an edible vegetable oil, produced from the crushing and extraction of oil from the black seeds of the canola plant. It is a sustainable product and is an ideal energy source and feed ingredient for livestock.

CONTAINS

95% Molasses
5% Canola oil

FEEDING RATE

Include in mixed rations at 0.5 to 1% as fed.

Molvin Bright 5%

- Increased energy for maintenance and production.
